## V-LINE RANGE

The V-Line range is our low cost equipment offering that allows you to install and manage your own cleaning equipment. The machines will be delivered straight to site, with instructions on how to unbox and set up the equipment.

All machine operating instructions and training videos can be accessed through the ICE App, meaning that there is no need to book time for ICE to train your staff. Each operative can use the ICE App to familiarise themselves with the operation of the equipment at a time convenient to you.

The V-Line range offers exceptional value for money at great prices, supported by the ICE App, making cleaning hassle free.

For machine diagnostics, simply call us through the Smartcall facility on the ICE App, and you'll be connected directly to a member of our Helpdesk team on the screen, who will help you fix simple machine issues via video call.

### BENEFITS

- ✓ 'Plug and Play' - ready to clean straight from the box
- ✓ Each machine comes complete with batteries and pad holder already installed
- ✓ Low cost, high productivity equipment
- ✓ Training and machine diagnostics available via the ICE App

## V VAC

The V VAC is a compact tub vacuum that offers great performance, excellent manoeuvrability and has an A energy rating.

Weighing only 4.2 kg the V VAC is light and manoeuvrable, ideal for transporting between cleaning jobs.

Comes with tools, cable holder, cloth filter, 4 robust wheels and tool holder.

V VAC	Specification
Voltage	230 V
Power	700-900 W
Water lift	1,900 mm
Air flow	102 m <sup>3</sup> /h
Tank capacity	10 litres
Cable length	4.5 m
Weight	4.2 kg
Dimensions (L x H x W)	33.5 x 39 x 30.5 cm

## VWD VAC

The VWD VAC is the perfect wet and dry vacuum for cleaning small areas, such as offices and small workshops.

It is a professional vacuum cleaner with a powerful single motor. This machine is extremely user friendly and easy to manoeuvre.

Comes with tools, cable holder, cloth filter, 4 robust wheels and tool holder.

VWD VAC	Specification
Voltage	230 V
Power	1,200 - 1,350 W
Water lift	1,800 mm
Air flow	120 m <sup>3</sup> /h
Tank capacity	20 litres
Cable length	4.5 m
Weight	6 kg
Dimensions (L x H x W)	39 x 39 x 51 cm

## V200

The ICE V200 is a standard speed single disc rotary machine. Operating at only 53 decibels, the machine can be fitted into normal working patterns without causing disruption.

It is a lightweight, easy to use, ergonomic machine with low level vibrations offering optimum operator comfort. Pre-assembled with the handle and inclusive of drive board.

ICE V200	Specification
Voltage	230 V
Power	1,100 W
Productivity	475 m <sup>2</sup> /h
Pad/brush speed	190 rpm
Pad/brush diameter	43 cm
Noise level	53 dB(A)
Weight	32 kg
Dimensions (L x W x H)	62 x 43 x 121 cm
Cable length	15 m

## V400

The ICE V400 is a high speed single disc rotary machine. Operating at only 53 decibels, the machine can be fitted into normal working patterns without causing disruption.

It is a lightweight, easy to use, ergonomic machine with low level vibrations offering optimum operator comfort. Pre-assembled with the handle and inclusive of drive board.

ICE V400	Specification
Voltage	230 V
Power	1,100 W
Productivity	475 m <sup>2</sup> /h
Pad/brush speed	380 rpm
Pad/brush diameter	43 cm
Noise level	53 dB(A)
Weight	32 kg
Dimensions (L x W x H)	62 x 43 x 121 cm
Cable length	15 m

## VX40

The VX40 has excellent manoeuvrability, and its large wheels make it easy to move around obstacles. It can effortlessly clean along walls and around corners in one pass, and is 10% more productive than traditional scrubbing machines.

Comes complete with built in battery charger and brush/pad holder.

VX40	Specification
Working width	41 cm
Squeegee width	45 cm
Suction motor	250 W
Brush speed	140 rpm
Brush pressure	20 kg
Productivity	1,215 m <sup>2</sup> /h
Solution tank capacity	22 litres
Recovery tank capacity	20 litres
Weight (without battery)	42 kg
Battery weight	25 kg
Dimensions (L x H x W)	68.5 x 94.5 x 44 cm

## VX50

The VX50 is perfect for cleaning floor areas ranging from 1,000 to 1,600 m<sup>2</sup>. It is recommended for maintenance cleaning, as well as for any environment where difficult dirt residue may be present.

The VX50 is extremely simple to operate and maintain. It has a run time of up to 3 hours.

VX50	Specification
Working width	51 cm
Squeegee width	68 cm
Suction motor	310 W
Brush speed	165 rpm
Brush pressure	25 kg
Productivity	2,000 m <sup>2</sup> /h
Solution tank capacity	40 litres
Recovery tank capacity	40 litres
Weight (without battery)	62 kg
Battery weight	66 kg
Dimensions (L x H x W)	116.5 x 99.5 x 54 cm

## VX65

The VX65 is ideal for the maintenance and deep cleaning of medium-sized areas. It is equipped with 60 litre tanks, and has a working autonomy of up to 3 hours.

The VX65 has a low noise level of just 58 decibels, meaning it can be used in noise-sensitive environments. It also has automatic traction drive.

VX65	Specification
Working width	66 cm
Squeegee width	97 cm
Suction motor	310 W
Brush speed	225 rpm
Forward speed	4 km/h
Productivity	2,900 m <sup>2</sup> /h
Solution tank capacity	60 litres
Recovery tank capacity	70 litres
Weight (without battery)	115 kg
Disc brush diameter	34.5 cm x2
Dimensions (L x H x W)	136 x 105 x 68 cm

## VXR

Thanks to its ultra-compact size, the VXR is the perfect replacement for any traditional walk-behind scrubbing machine, ideal for the maintenance cleaning of areas of up to 4,500 m<sup>2</sup>.

It has automatic traction drive, and a working width of 56 cm.

The VXR features Eco Mode technology that optimises consumption, and the Eco ON/OFF System that automatically stops the brush and the water supply when the machine is not moving.

## SPECIFICATION

VXR	Specification
Power	Battery (24V)
Working width	56 cm
Squeegee width	79 cm
Brush / pad size	56 cm (1)
Brush speed	170 rpm
Productivity	3,000 m <sup>2</sup> /h
Fresh/dirty water capacity	70 Ltr
Forward speed	5.5 km/h
Minimum aisle turn	150 cm
Gradeability	20%
Dimensions (L x W x H)	126.5 x 60 x 103 cm
Weight	110 kg
Noise level	<54 dBA

## VXR75

The VXR75 is a ride-on scrubber dryer that is suitable for the maintenance cleaning of floor areas up to 6,500 m<sup>2</sup>.

It has automatic traction drive, a working width of 75 cm, and a run time of up to 4 hours.

The turning circle allows the VXR75 to turn easily in corridors and aisles.

In the event of accidental impacts, the automatic swing-in of the brush head, and uncoupling of the squeegee helps to prevent damage to the components.

## SPECIFICATION

VXR75	Specification
Power	Battery (24V)
Working width	75 cm
Squeegee width	99 cm
Brush / pad size	9 cm (2)
Brush speed	170 rpm
Brush pressure	30 kg
Productivity	4,500 m <sup>2</sup> /h
Fresh water capacity	110 Ltr
Dirty water capacity	125 Ltr
Noise level	<70 dBA
Gradeability	18%
Dimensions (L x W x H)	149.5 x 77 x 132 cm
Weight	223 kg
Forward speed	6 km/h

For complete management of your ICE V-LINE equipment

- ✓ Equipment set up instructions
- ✓ Machine training videos
- ✓ Live video call (Smartcall) for quick and easy machine diagnostics
- ✓ All available directly through the ICE App.

### How to download The ICE App:

#### Android device:

To download the Android version, please search for The ICE App on Google Play, or scan the QR code to the right.

#### Apple device:

To download the iOS version, please search for Industrial Cleaning Equipment on App Store, or scan the QR code to the right.

# PRICING SUMMARY

All prices are excluding VAT

## Purchase prices

Machine	Purchase price
V VAC	£45.00
VWD VAC	£59.00
V200	£355.00
V400	£355.00
VX40	£1,749.00
VX50	£2,175.00
VX65	£3,896.00
VXR	£4,099.00
VXR75	£5,895.00

## What's included?

- ✓ All machines will arrive in a plug and play "ready to use status"
- ✓ Delivery included
- ✓ Online instructions and tutorials included - via the ICE App
- ✓ Brushes/pad holders with pad type of choice
