

Company Overview

Optimum Professional is one of the leading brands in the UK offering a comprehensive range of disposable cleaning and hygiene paper products for a variety of workplace environments.

Manufactured by Disposables UK Group, the brand offers a high quality environmental solution, backed by a nationwide network of field representatives and a dedicated customer service team.

Continual investment in the latest production technology means we are able to operate efficiently and can react quickly to the needs of our customers.

We have a broad range of products including toilet tissues, hand towels, wiping and specialist products that have been developed to suit a wide range of markets and applications.

Our products are available in a range of alternatives including width and length choices, different core sizes and various ply and colour options.

All products in the Optimum range meet the CHSA Soft Tissue Standard, which means that we will guarantee that the product in the box meets the specification on the label.

Optimum Professional places a particular emphasis on sustainability. All Optimum Professional products are produced from ethically sourced 'Mother Reels' from reputable mills supplied from sustainable forests. By using suppliers that share our values, we can guarantee we only use the best quality paper available. Whether it be recycled or pure pulp, every batch can be traced back as far as the forest used to supply the paper.

Customer Service:

Our national network of field representatives combined with our internal Customer Service team are able to deal with any enquiry or order quickly and effectively. Backed by our five working day delivery commitment and a comprehensive UK and European logistics team ensures that you can always rely on Disposables to deliver its' promises.

At Disposables we have products designed for a variety of different workplaces. We are able to offer a comprehensive package of products specifically tailored to the following workplace environments.

- High Traffic/Office
- Hospitality
- Food Processing
- Industry/Manufacturing
- Education
- Healthcare

If you would like any further information or would like to meet one of our field sales representatives please contact us on: +44 (0) 1484 854434.
