- New M Class carries the following features above K Class:
- 7 New feature rich models including totally new size 45cm and 60cm cleaning widths for even faster cleaning
- Greater Productivity – between 19% and 44% increase in cleaning performance, depending on model comparison
- Larger waste water capacity, up to 36%, means longer cleaning times between emptying
- New ergonomic design handle with unique Paddle Control gives lighter and easier operator handling
- Emergency stop switch as standard (excl. M20S)
- Not ready to upgrade to M Class just yet? The award winning K Class range offers you the stability, security, and manageability you have come to expect from **rotowash**.
